1 Executive Summary

Hasnahena is a community-run, interest-free cooperative finance initiative based in Bangladesh. This Business Requirements Document defines the business context, objectives, stakeholders, and acceptance criteria for the digital platform that will serve the organization's members.

The software must digitize member onboarding, deposits, withdrawals, loans, donations, and accountability while preserving Islamic finance principles (*Qard al-Hasan*) and local operating practices.

2 Business Objectives

The Hasnahena platform aims to achieve the following primary objectives:

1. **Transparent Financial Services:** Provide zero-interest financial services with complete visibility for all members.
2. **Operational Efficiency:** Reduce manual ledger errors by digitizing request, processing, and confirmation workflows.
3. **Risk Management:** Improve recovery and risk control through guarantor mechanisms and default-settlement rules.
4. **Trust & Governance:** Preserve institutional trust through immutable audit records and role-based governance.

3 Stakeholders

Stakeholder	Responsibility / Interest
Members	Deposit, loan, repayment, donation, and account visibility
Workers	Process member requests and maintain transaction discipline
Admin Board	Approval, policy configuration, dispute resolution, governance
Accountant/Auditor	Reconciliation, reporting, and annual compliance checks

4 Scope Definition

4.1 In Scope (Phase 1)

- Registration and approval workflow with nominee capture
- Core flows: Deposit, Withdrawal, Loan Application, Repayment, Donation
- Request → Process → Confirm lifecycle with dispute path
- Admin and Worker operations with strict Role-Based Access Control (RBAC)
- Bilingual interface (English and Bengali) for all key screens
- Notification triggers (SMS/email) for approvals and required actions

4.2 Out of Scope (Phase 1)

- Mobile application release
- Full automatic eKYC OCR and direct government API orchestration
- Third-party payment gateway settlement automation

5 Business Rules

The following business rules govern the operation of the Hasnahena platform:

1. **Minimum Deposit:** Threshold for loan eligibility is **8,000 BDT**
2. **Withdrawal Notice:** Requires **3 months** advance notice
3. **Zero Interest:** No interest or hidden processing fees on loans (Shariah compliance)
4. **Donation Categories:** Pools are categorized (Operating, Lending, Zakat/Sadaqah) and used according to selected purpose
5. **Audit Trail:** Every financial change must be auditable and non-destructive

6 Success Metrics

- **100%** of monetary records traceable to a request and confirmation
- **Zero** unauthorized role actions in production
- **Reduced** manual reconciliation time compared with paper workflow
- **Improved** on-time installment completion after notification rollout

7 Acceptance Criteria

Phase 1 is accepted when all of the following conditions are met:

- Core member, worker, and admin flows are operational end-to-end
- Audit trails, dispute flow, and settlement path are test-validated
- Deployment and backup procedures are documented and exercised
- Security review completed with no critical or high vulnerabilities

8 Constraints & Assumptions

8.1 Constraints

- Platform must comply with local cooperative/charitable regulations
- All financial operations must adhere to Shariah principles
- System must support operation in areas with limited internet connectivity

8.2 Assumptions

- Workers and administrators have access to smartphones or computers
- Members have basic familiarity with mobile/web applications
- SMS delivery infrastructure is reliable in the operational area

9 Approvals
