1 Overview

1.1 Purpose

This document decomposes the Hasnahena platform's software behavior into implementable functional requirements. Each requirement is derived from:

- Software Requirements Specification (SRS)
- Registration form artifacts
- Passbook/ledger operational documents
- Stakeholder interviews and operational notes

1.2 Scope

The functional requirements cover all Phase 1 modules including authentication, member management, financial transactions, loans, donations, and audit capabilities.

1.3 Conventions

- **FR-XX**: Functional Requirement identifier
- **Priority**: High / Medium / Low
- **Status**: Proposed / Approved / Implemented

2 Module Requirements

2.1 Authentication and Access

ID	Requirement	Priority
FR-01	System shall support login using phone or email and password.	High
FR-02	System shall enforce forced password reset on first login after approval.	High
FR-03	System shall enforce RBAC for Member, Worker, Admin on all sensitive actions.	Critical

2.2 Registration and Profile

ID	Requirement	Priority
FR-04	System shall capture member biodata, NID, address, and nominee data from registration form.	High
FR-05	Admin shall approve or reject registrations with stored decision reason.	High
FR-06	Member shall be able to update nominee details with audit logging.	Medium

2.3 Deposit and Withdrawal

ID	Requirement	Priority
FR-07	Member shall submit deposit request; worker shall process; member shall confirm.	Critical
FR-08	Member shall submit withdrawal request with notice period rule validation.	High
FR-09	System shall block withdrawal violating loan collateral ratio or active guarantee constraints.	Critical

2.4 Loan and Repayment

ID	Requirement	Priority
FR-10	System shall calculate max loan using configured caps and liquidity constraints.	High
FR-11	System shall support guarantor request and guarantor approval workflow before admin review.	High
FR-12	Admin shall approve/reject loan requests; worker disburses; member confirms disbursal.	Critical
FR-13	Worker/Admin shall record installments and late fee flags according to policy.	High
FR-14	System shall execute default settlement waterfall (self deposit, guarantor, donation pool).	Critical

2.5 Donation and Funds

ID	Requirement	Priority
FR-15	System shall capture donation requests with fund type (Operating, Lending, Zakat/Sadaqah).	High
FR-16	Donation transactions shall remain isolated from withdrawable member deposits.	Critical

2.6 Audit and Dispute

ID	Requirement	Priority
FR-17	Member shall be able to raise dispute for processed but incorrect transaction amount.	High
FR-18	System shall freeze disputed transaction and notify admin for correction workflow.	High
FR-19	System shall maintain append-only audit log for every material action.	Critical

2.7 Reporting and Dashboard

ID	Requirement	Priority
FR-20	Member dashboard shall show balances, loan status, pending confirmations, guarantor actions.	High
FR-21	Worker dashboard shall show pending queues and process actions by SLA.	High
FR-22	Admin dashboard shall show approvals, liquidity alerts, disputes, settings, and audit viewer.	High

3 Traceability Matrix

Identifiers FR-01 to FR-22 are intentionally stable for mapping to:

- User stories in the development backlog
- Test cases in the Test Plan
- Use Case Specifications

Requirement	SRS Reference	Use Case	Test Case
FR-01 to FR-03	REQ-AUTH-*	UC-01, UC-02	TC-AUTH-*
FR-04 to FR-06	REQ-REG-*	UC-01, UC-02	TC-REG-*
FR-07 to FR-09	REQ-FIN-*	UC-03 to UC-06	TC-FIN-*
FR-10 to FR-14	REQ-LOAN-*	UC-07 to UC-12	TC-LOAN-*
FR-15 to FR-16	REQ-DON-*	UC-13	TC-DON-*
FR-17 to FR-19	REQ-AUD-*	UC-06	TC-AUD-*
FR-20 to FR-22	—	—	TC-DASH-*
